PROJECTS

E-commerce Website (MERN Stack)   Apr-2025

Live Demo: https://mern-ecommerce-lilac.vercel.app

- Built a complete full-stack E-commerce web application using MERN stack with user authentication (JWT), product management (CRUD), shopping cart, and checkout functionality.
- Implemented responsive UI with React Vite and Tailwind CSS, integrated MongoDB database, secured APIs with Express.js, deployed on Vercel.

Bulk Mail Application   Apr-2025

Live Demo: https://bulkmail-frontend-chi.vercel.app

- Developed a full-stack bulk mailing platform using React.js, Node.js, Express.js, MongoDB, and integrated Nodemailer for efficient multi-user email sending and management.
- Built a responsive and user-friendly frontend with React Vite and Tailwind CSS, deployed frontend on Vercel and backend on Render for seamless performance and scalability.

Recipe App   July 2020 - Jan 2022

Live Demo: https://recipe-app-livid-three.vercel.app

- Developed a responsive, dynamic recipe-sharing frontend application using React Vite, Tailwind CSS, and React Hooks to implement component-driven architecture and state management for an optimal user experience.
- Integrated form validation, authentication flow handling (frontend), and deployed the application on Vercel, ensuring high performance and mobile-first design with cross-browser compatibility.

EDUCATION:

Bachelor of Commerce (Accounting & Finance) - CMS College, Coimbatore (2021-2024)

CERTIFICATIONS

- MERN Full Stack Web Development Course – Error Makes Clever
- Complete Full-Stack Web Development Bootcamp – Udemy
- Namaste JavaScript – Akshay Saini
